

Master Board Program Testimonials

Comments extracted from 2013-2014 Master Board Program participant evaluation forms.

"It gave us the opportunity to collaborate, explore options for our district & learn each other's strengths."

"Made me look at myself and how our board functions."

"It provides a forum for discussion and communication that we wouldn't otherwise have had."

"Gave us the opportunity to function and grow as a team."

"I learned a lot and feel that all board members and superintendents need to attend this course/forum!"

"Very valuable for working out small issues, clearing the air, and moving forward."

"Yes! It provided an open exchange between members, with well selected subjects."

about what I can do better as a board member."

"Going over self-assessment was painful but good and necessary for us to move forward."

"The ability to interact with other leadership members was crucial."

"The time was invaluable in learning that we have similar/identical goals and desires for district. We aren't as far apart as we thought."

"We should have done this years ago."

"Unequivocally, yes."

"Would you recommend the Master Board training?"

"Most valuable was the self – assessment – it lets you as a board see how to improve."

"What was most valuable? That it was presented in a way that was fun & educational; not just information to be reviewed. The board self-assessment brought a lot of good discussion."

"The regular "self- assessment" made me think

"All boards should attend Master Board."

"It accomplishes its goal of building teamwork and understanding."

"It's a must to affect a performing Board."

"Absolutely valuable for a good, healthy team relationship."
