(Selected Sections)

Summary of [HB 5003](#) – Implementing the General Appropriations Act (Selected Sections)

Florida Education Finance Program (FEFP) (Section 2)

The bill incorporates by reference the document titled “Public School Funding: The Florida Education Finance Program” dated March 8, 2018 that displays the calculations used by the Legislature in making appropriations for the Florida Education Finance Program (FEFP). This implements Specific Appropriations 6, 7, 8, 92, and 93 of the 2018-2019 General Appropriations Act and the funds appropriated to the FEFP by SB 7026. This section expires July 1, 2018.

Instructional Materials (Section 3)

The bill provides that, notwithstanding ss. 1002.20, 1003.02, 1006.28-1006.42, 1011.62(6)(b)5., and 1011.67, F.S., relating to the expenditure of funds provided for instructional materials, for the 2018-2019 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 92 of the 2018-2019 General Appropriations Act. This provision expires July 1, 2019.

Funding Compression Allocation (Section 4)

The bill amends s. 1011.62, F.S., relating to funds for the operation of schools, to create a new section authorizing a Funding Compression Allocation. The allocation is created to provide additional funding to school districts and developmental research schools whose total funds per FTE in the prior year were less than the statewide average. Using the most recent prior year FEFP calculation for each eligible school district, the total funds per FTE shall be subtracted from the state average funds per FTE, not including any adjustments made due to errors. The resulting funds per FTE difference, or a portion thereof, as designated in the General Appropriations Act, shall then be multiplied by the school district's total unweighted FTE to provide the allocation. If the calculated funds are greater than the amount included in the General Appropriations Act, they must be prorated to the appropriation amount based on each participating school district's share. This provision expires July 1, 2019.

Public Broadcasting (Sections 5 and 6)

The bill amends s. 1001.26, F.S., to revise the entities that are part of the state public broadcasting program system by adding public colleges and universities. As amended, funds provided in the General Appropriations Act may be allocated to educational television stations qualified by the Corporation for Public Broadcasting or public colleges and universities that are part of the public broadcasting program system. The provision expires July 1, 2019, and the text of s. 1001.26, F.S., shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted by other legislation shall be preserved and continue to operate.

Scholarship Programs (Section 7)

The bill provides that, notwithstanding s. 212.099, F.S., as created by HB 7055, for the 2018-2019 fiscal year, eligible contributions for the Florida Sales Tax Credit Scholarship Program may not be used to fund the program the Gardiner Scholarship Program established under s. 1002.385, F.S. This provision expires July 1, 2019.

Bright Futures Scholarships (Sections 12 and 13)

The bill amends s. 1009.215, F.S., relating to the student enrollment pilot program for the spring and summer terms, to provide that students who are enrolled in the pilot program and who are eligible to receive Bright Futures Scholarships are eligible to receive the scholarship award for attendance during the spring and summer terms. This student cohort also is eligible to receive Bright Futures Scholarships for the fall semester term to be used for off-campus or online coursework, if Bright Futures Scholarship funding is provided for three terms for that academic year for other eligible students. The provision expires July 1, 2019, and the text of s. 1009.251, F.S., shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted by other legislation shall be preserved and continue to operate.

Workforce Education (Sections 44 and 45)

The bill amends s. 1011.80, F.S., relating to funds for operation of workforce education programs to provide that state funds provided for the operation of postsecondary workforce programs may not be expended for the education of state or federal inmates, except to the extent that such funds are specifically appropriated for such purpose in the 2018-2019 General Appropriations Act. This provisions expires July 1, 2019, and the text of amendment to s. 1011.80, F.S., shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted by other legislation shall be preserved and continue to operate.

Recreational Enhancements and Opportunities for Children (Section 71)

The bill amends s. 375.075, F.S., relating to outdoor recreation and financial assistance to local governments. The bill creates a \$4 million grant program within the Department of Environmental Protection with the funds to be used exclusively for projects that provide recreational enhancements and opportunities for children. Priority will be given to projects geared toward children under the age of 12, but which also provide educational opportunities and have established safety standards and highest priority will be given to project applications that also demonstrate they will serve the needs of children with physical and developmental disabilities. The maximum project grant for each project is \$250,000 in state funds which local governments must match on a dollar-for-dollar basis. The grants are to be awarded by December 31, 2018. This provision expires July 1, 2019.

An employee may expend his or her own funds for any lodging expenses in excess of \$150 per day. For purposes of this section, a meeting does not include travel activities for conducting an audit, examination, inspection, or investigation or travel activities related to a litigation or emergency response. This section expires July 1, 2019.

Section 86. In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2017-2018 General Appropriations Act, a state agency may not enter into a contract containing a nondisclosure clause that prohibits the contractor from disclosing information relevant to the performance of the contract to members or staff of the Senate or the House of Representatives. The bill amends subsections (1), (3), and (5) of s. 1013.62, F.S., relating to charter school capital outlay funding, as follows:

- Provides that the initial term of the charter contract is 5 years (rather than 4 or 5 years) and adds that the 5 year contract term excludes 2 planning years.
- Provides that a charter modification during any term may include consolidation of multiple charters into a single charter if the charters are operated under the same governing board and deletes the requirement that a consolidated charter school must be physically located on the same campus. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation must be reported by the school district as a consolidation.

 - Raising the standard for termination of a charter to require clear and convincing evidence of the grounds for termination.
 - Revising one of the causes for termination to be a "material" violation of law.
 - Removes the option for a district hearing on the nonrenewal or termination of the charter and requires the hearing to be conducted by the Florida Division of Administrative Hearings (DOAH) within 90 (rather than 60) days. Other requirements for the designation apply only for the most recent 2 years if the school achieves this new school grade requirement.

- Revises the authority of a high-performing charter school to increase enrollment beyond the capacity identified in the charter to provide that enrollment may not exceed the capacity of the facility at the time the enrollment increase will take effect. Florida Sales Tax Credit Scholarship Program (Bill Section 1)

The bill creates s. 212.099, F.S., to establish an additional revenue source to fund scholarships under the Gardiner Scholarship Program [per s. 1002.385] and/or the Florida Tax Credit Scholarship (FTC) Program [per s. 1002.395] as follows:

- The program is funded by contributions to a SFO from tenants of commercial real estate that have to pay sales tax on their lease payments [per s. 212.031] in exchange for a tax credit equal to 100% of the contribution.
- The DOR shall approve allocations of tax credits on a first-come, first-served basis.
- If the total amount of credits an eligible business may take cannot be fully used within any period that a payment is due under the rental or license fee arrangement, the unused amount may be carried forward for up to 10 years.
- For 2018-2019, contributions will fund scholarships for children in foster care or whose families are within 185% of the Federal Poverty Line. In future years, dollars will serve these children after having met the needs of the Gardiner Scholarship Program that serves children with special needs.
- Eligible contributions can be made starting October 1, 2018.
- The SFO may use up to 3% of eligible contributions for administrative expenses.
- The sum of tax credits that may be approved in any state fiscal year is \$57.5 million.
- The DOR is authorized to adopt rules to administer these provisions.
- The bill provides \$150,000 to the DOR to implement the creation of this program (see Bill Section 47).

Hope Scholarship Program (Bill Sections 3, 5, and 16)

The bill creates s. 1002.40, F.S., to establish, beginning in the 2018-2019 school year, the Hope Scholarship Program to provide the parent of a public school student who was subjected to an incident of battery, harassment, hazing, bullying, kidnapping, physical attack, robbery, sexual offenses, harassment, assault, battery, threat or intimidation, or fighting at school an opportunity to transfer the student to another public school or to request a scholarship for the student to enroll in and attend an eligible private school as follows:

- Contingent upon available funds, and on a first-come, first-served basis, a student enrolled in a Florida public school in kindergarten through grade 12 is eligible for a scholarship if the student reported any of the incidents listed above.
- A scholarship to a student enrolled in a private school may not be made if a student is:
 - Enrolled in a public school;
 - Enrolled in specified Department of Juvenile Justice commitment programs;
 - Participating in a virtual school, correspondence school, or distance learning program that receives state funding; or
 - Receiving any other educational scholarship.
- The scholarship shall remain in force until the student returns to public school or graduates from high school, whichever occurs first.
- Upon receipt of a report of an incident, the school principal, or his or her designee, provide a copy of the report to the parent and investigate the incident to determine if the incident must be reported to the FDOE. Within 24 hours after receipt of the report, the principal or his or her designee shall provide a copy of the report to the parent of the alleged offender and to the

superintendent. Upon conclusion of the investigation or within 15 days after the incident was reported, whichever occurs first, the school district must notify the parent of the program and offer the parent an opportunity to enroll his or her student in another public school that has capacity or to request and receive a scholarship to attend an eligible private school. A parent who chooses to enroll his or her student in a public school located outside the district in which the student resides shall be eligible for a scholarship to transport the student.

- For each student participating in the program in a private school who chooses to participate in the statewide assessments, the school district in which the student resides must notify the student and his or her parent about the locations and times to take all statewide assessments.
- An eligible private school may be sectarian or nonsectarian and must comply with all requirements for private schools participating in state school choice scholarship programs, including requirements related to assessments. If a private school fails to meet these requirements, the commissioner may determine that the private school is ineligible to participate in the program.
- The FDOE must cross-check the list of participating scholarship students with the public school enrollment lists to avoid duplication and require quarterly reports by an eligible scholarship-funding organization (SFO) regarding the number of students participating in the program, the private schools in which the students are enrolled, and other information. In addition, FDOE must contract with an independent entity to provide an annual evaluation of the program that includes, among other things, reviewing the school that students transferred to or transferred from and surveying the parents of participating students. The bill appropriates \$2,000,000 to implement these FDOE requirements (see Bill Section 46).
- A parent who applies for a Hope scholarship is exercising his or her parental option to place his or her student in an eligible private school. Among other program requirements:
 - The parent must select an eligible private school and apply for the admission of his or her student and must inform the student's school district when the parent withdraws his or her student to attend an eligible private school.
 - Any student participating in the program must remain in attendance throughout the school year unless excused by the school for illness or other good cause.
 - Upon reasonable notice to the FDOE and the school district, the parent may remove the student from the private school and place the student in a public school.
 - The parent must ensure that a participating student takes the norm-referenced assessment offered by the private school and the parent may also choose to have the student participate in the statewide assessments
 - Upon receipt of a scholarship warrant, the parent must restrictively endorse the warrant to the private school for deposit into the school's account.
- An eligible SFO may establish scholarships for eligible students by:
 - Receiving applications and determining student eligibility.
 - Notifying parents of their receipt of a scholarship on a first-come, first-served basis, based upon available funds.
 - Establishing a date by which the parent of a participating student must confirm continuing participation in the program.
 - Awarding scholarship funds, giving priority to renewing students from the previous year.
 - Preparing and submitting quarterly reports and submitting information in a timely manner to the FDOE.
- The maximum amount awarded to a student enrolled in an eligible private school shall be determined as a percentage of the unweighted FTE funding amount as follows:
 - 88% for a student enrolled in kindergarten - grade 5.
 - 92% for a student enrolled in grade 6 - grade 8.
 - 96% for a student enrolled in grade 9 - 12.
- The maximum amount awarded to a student enrolled in a public school located outside of the district in which the student resides shall be \$750.

- The SFO must manage the process for payment warrants, ensure payments are made no less frequently than on a quarterly basis, and ensure compliance by the student's parent.
- A SFO may use up to 3% of eligible contributions received during the state fiscal year for administrative expenses if the SFO meets certain requirements.
 - These funds may not be used for lobbying or political activity or expenses related to lobbying or political activity.
 - Up to one-third of the funds for administrative expenses may be used for expenses related to the recruitment of contributions.
- Moneys received do not constitute taxable income to the qualified student or his or her parent.
- The Auditor General must conduct an annual operational audit of accounts and records of each SFO that participates in the program, provide the commissioner with a copy of each annual operational audit performed within 10 days after the audit is finalized, and notify the FDOE of any SFO that fails to comply with a request for information.
- The Hope Scholarship Program is funded by contributions made by purchasers of motor vehicles.
 - A tax credit is created by s. 212.1832, F.S., and is available for use by a person that makes an eligible contribution.
 - The contribution is limited to a single maximum payment of \$105 per motor vehicle and may not exceed the state tax that would otherwise be collected on the purchase of the vehicle.
 - An eligible contribution must be accompanied by a contribution election form provided by the Department of Revenue (DOR). The form must include, at a minimum, a brief description of the Hope Scholarship Program that states: "The Hope Scholarship Program provides a public school student who was subjected to an incident of violence or bullying at school the opportunity to apply for a scholarship to attend an eligible private school rather than remain in an unsafe school environment."
- A dealer, designated agent, or private tag agent must:
 - Provide the purchaser the contribution election form.
 - Collect eligible contributions.
 - Remit to a SFO the total amount of contributions made to that SFO and also submit this information to the DOR.
 - Report to the DOR the total amount of credits granted.
- A SFO must report to the DOR the total amount of contributions received along with other specified information.
- A person who fails to remit a contribution is guilty of theft, punishable as provided in the bill.
- Any dealer, designated agent, private tag agent, or SFO that fails to timely submit reports to the DOR is subject to a penalty of \$1,000 for every month, or part thereof, the report is not provided, up to a maximum amount of \$10,000.
- The bill provides that the state is not liable for the award of, or any use of, awarded funds for Hope Scholarship Program. In addition, these provisions do not expand the regulatory authority of this state, its officers, or any school district to impose additional regulation on participating private schools beyond those reasonably necessary.
- The SBE and DOE must adopt rules to administer these provisions

The bill creates s. 212.1832, F.S., relating to credit for contributions to the Hope Scholarship Program, to conform state tax laws to allow a purchaser of a motor vehicle to be granted a tax credit for eligible contributions. The bill also amends s. 213.053, F.S., relating to confidentiality and information sharing, to provide that the DOR may provide to a SFO for the Hope Scholarship Program information about a dealer and information related to differences between credits taken by the dealer and amounts remitted to the SFO. The SFO may use the information for purposes of recovering eligible contributions that were collected by the dealer but never remitted to the SFO. The SFO is bound by the same requirements of confidentiality and subject to the same penalties for a violation of the requirements as the DOR.

Reading Scholarship Accounts (Bill Section 17)

The bill creates s. 1002.411, F.S., to establish Reading Scholarship Accounts to provide educational options for students as follows:

- Eligibility is contingent upon available funds, and on a first-come, first-served basis, and:
 - Each student in grades 3 - 5 who is enrolled in a Florida public school is eligible for a reading scholarship account if the student scored below a Level 3 on the grade 3 or grade 4 English Language Arts (ELA) assessment in the prior school year.
 - English Language Learner (ELL) students enrolled in a program or receiving services that are designed to meet the instructional needs of ELL students shall receive priority.
- For an eligible student to receive a reading scholarship account, the student's parent must:
 - Submit an application to an eligible nonprofit scholarship-funding organization (SFO) by the deadline established by the SFO; and
 - Submit eligible expenses to the SFO for reimbursement of qualifying expenditures, which may include instructional materials, curriculum, tuition and fees for part-time tutoring services, fees for summer education programs, and fees for after-school education programs.
 - These materials, services, and programs must meet specified requirements.
 - The provider of the materials, services, and/or programs is prohibited from sharing, refunding, or rebating any moneys from the scholarship to the parent or student.
 - A parent, student, or provider is prohibited from billing an insurance company, Medicaid, or any other agency for the same services that are paid by the scholarship funds.
 - The parent is responsible for the payment of all eligible expenses in excess of the amount in the account and may not receive any refund or rebate of any expenditures.
- A SFO participating in the Florida Tax Credit Scholarship Program may establish reading scholarship accounts for eligible students.
- The FDOE shall have the same duties imposed by this chapter regarding oversight of scholarship programs administered by a SFO.
- By September 30, the school district must notify the parent of each eligible student of the process to request and receive a reading scholarship, subject to available funds.
- For the 2018-2019 school year, the amount of the scholarship shall be \$500 per eligible student. Thereafter, the maximum amount granted for an eligible student shall be provided in the GAA. The bill allocates \$9,700,000 to fund the scholarship accounts and \$300,000 us allocated for administrative fees. (see Bill Section 46).
 - 100% of the funds appropriated for the reading scholarship accounts must be released to the FDOE at the beginning of the first quarter of each fiscal year.
 - Upon notification from the SFO that a student is eligible for a scholarship, the FDOE must release the student's scholarship funds to the SFO for deposit into the student's account.
 - Account funds include both the awarded funds and any accrued interest.
 - The SFO may develop a system for payment of scholarship funds by funds transfer, including, but not limited to, debit cards, electronic payment cards, or other means, but a student's scholarship award may not be reduced for debit card or electronic payment fees.
 - Payment of the scholarship shall be made by the SFO at least on a quarterly basis.
 - In addition to funds appropriated for scholarships, and subject to a separate appropriation, a SFO may receive not more than 3% of each scholarship for administrative expenses. Funds for administrative expenses may not be used for lobbying or political activity or expenses related to lobbying or political activity.
 - Moneys received for these scholarships do not constitute taxable income to the qualified student or his or her parent.
 - A student's scholarship account must be closed and any remaining funds shall revert to the state after denial or revocation of scholarship eligibility by the commissioner for fraud or abuse and/or three consecutive fiscal years in which an account has been inactive.
- The bill specifies that no liability shall arise on the part of the state based on the award or use of a reading scholarship account.

Gardiner Scholarship Program (Bill Section 13)

The bill amends s. 1002.385, F.S., relating to the Gardiner Scholarship Program, as follows:

- Clarifies that funds can be used on a full-time or part-time tuition or fees for enrollment in the various approved programs.
- Revises the credentials for tutors providing part-time tutoring services by adding tutors that hold a bachelor's or graduate degree in the subject area in which instruction is given.
- Adds tuition and fees associated with enrollment in a nationally or internationally recognized research-based training program for a child with a neurological disorder or brain damage to the list of allowable uses of program funds.
- Removes various program accountability measures from this section of law and relocates in a separate section of law.

The bill appropriates \$250,000 to issue a competitive grant award (see Bill Section 46)

John M. McKay Scholarship Program (Bill Section 14)

The bill amends s. 1002.39, F.S., relating to the McKay Scholarship Program, to remove various program accountability measures from this section of law, relocate them in a separate section of law, and provide updated cross-references.

Florida Tax Credit Scholarship Program (Bill Sections 4, 6, 7, and 15)

The bill amends s. 1002.395, F.S., relating to the Florida Tax Credit (FTC) Scholarship Program, as follows:

- Provides that a taxpayer may apply for a credit to be used for a prior taxable year before the date the taxpayer is required to file a return for that year.
- Provides that, if a tax credit is not fully used within the specified state fiscal year, the unused amount shall be carried forward for a period not to exceed 10 years (rather than 5 years) and a credit carried forward may be used in a subsequent year after applying the other credits and unused carryovers in the order provided.
- Authorizes corporations to use credits to reduce any estimated payment.
- Allows a sales tax dealer to receive the collection allowance even though it did not remit any taxes due to the use of tax credits.
- Requires the FDOE to issue a project grant award to a state university to which participating private schools must report the scores of participating students on the nationally norm-referenced tests or the statewide assessments administered by the private school in grades 3 through 10. The bill allocates \$250,000 for this project (see Bill Section 46).
- Removes various program accountability measures from this section of law, relocates them in a separate section of law, and provides updated cross-references.

In addition, the bill amends several sections of tax law to:

- Require the DOR, upon request, to provide to a SFO a list of the 200 taxpayers with the greatest total corporate income or franchise tax due during the previous calendar year. This information may be used by the SFO only to notify the taxpayer of the opportunity to make a contribution to the FTC Scholarship Program. The SFO is bound by the same requirements of confidentiality and is subject to the same penalties for a violation as the DOR.
- Provide an exception intended to ensure that a specified tax is added in the applicable taxable year and does not result in a duplicate addition in a subsequent year.
- Provide that an eligible contribution must be made to a SFO on or before the date the taxpayer is required to file a return. If a taxpayer is approved for a credit after requesting an extension to file, the credit does not reduce the amount of tax due for purposes of the DOR's determination as to whether the taxpayer was in compliance with the requirement to pay tentative taxes. The taxpayer's noncompliance with the requirement to pay tentative taxes shall result in the revocation and rescindment of any such credit and the taxpayer will be assessed for any taxes, penalties, or interest due from the taxpayer's noncompliance.

Scholarship Program Accountability and Oversight (Bill Sections 18, 35, and 40)

The bill substantially amends s. 1002.421, F.S., relating to scholarship program accountability. The bill streamlines and consolidates accountability provisions for private schools that participate in state scholarship programs. Significant accountability provisions include the following:

The bill requires a state or local officer seeking a federal public office to submit his or her resignation at least 10 days before the first day of qualifying for the federal office if the terms of the two offices overlap. Failure to submit the resignation constitutes an automatic, immediately-effective resignation from the current office. Francois*, by repealing s. 99.0615, F.S., that requires a write-in candidate to reside in the district that he or she seeks to represent at the time of qualifying. This does not appear to change existing residency requirements for candidates seeking the office of school board member.

The bill proposes amendment to State Constitution to prohibit a state tax or fee from being imposed or raised except through legislation approved by two-thirds of each house of legislature and requires a state tax or fee imposed or raised to be contained in separate bill that contains no other subject.
