2021-2022 PRE-K12 EDUCATION BUDGET CONTEXT SUMMARY

The following summary provided by Brian T. Moore, General Counsel for the Florida Association of District School Superintendents (FADSS).

The 2021-2022 budget materials were filed shortly after noon on Tuesday, April 27, starting the 72-hour cooling off period at 12:06 p.m. The Legislature subsequently approved the budget and adjourned the 2021 Session. However, they will be back in two weeks for a special session on the gaming pact recently negotiated by the Governor.

While the Legislature is touting a one billion dollar increase in education funding and a \$38 increase in per-student funding, the reality is that most districts will see a reduction in funding with an overall decrease of roughly \$200 per FTE student. Creative accounting using the 4th Calculation from 2020-21, reserving approximately \$450 million for scholarship students and unexpected new enrollees, and sending significantly more money to the virtual schools create the false impression of a significant funding increase.

However, many districts will see an increase in FTE coupled with a decrease in funding. Other districts will see a slight increase in funding proportionally much lower than their increase in FTE. For example, Okaloosa County has an 11% increase in unweighted FTE students but will receive nearly a 1% decrease in its funding. Collier County will see a 3% increase in FTE but only a 0.43% increase in funding. On the other hand, Florida Virtual School will see a decrease of more than 6% in unweighted FTE but an overall increase of more than 15% in funding. Finally, even if the per-student funding increases by \$38 that is about equal to what it will cost districts to cover the FRS increase next year.

The Legislature's approach becomes apparent upon closer comparison of the FEFP 4th Calculation for this year against the calculation for the coming year. The Legislature built its FEFP summary using the actual 4th Calculation enrollment numbers under the pretense that districts were actually funded based on those numbers - as would have been the case had districts not been dealing with a pandemic throughout the past year.

2021-2022 EDUCATION APPROPRIATIONS IMPLEMENTING BILL, SB 5101 (SUMMARY INFORMATION)

HB 5101 Education Funding Summary

The bill conforms applicable statutes to the appropriations provided in the House proposed General Appropriations Act for prekindergarten through grade 12 education for Fiscal Year 2021-2022.

The bill:

- Modifies the calculation methodology used to determine the amount of state funds the Florida Virtual School (FLVS) receives in the Florida Education Finance Program (FEFP) to include the Mental Health Assistance Allocation.
- Modifies the virtual instruction program offered by K12 public schools by:
 - Requiring all school districts, regardless of whether the district qualifies for the sparsity supplemental in the FEFP, to offer at least one option for part-time and full-time virtual instruction for students within the school district.
 - Requiring a school district to expend any difference in funds provided for a virtual full-time equivalent (FTE) student and the amount paid to either the FLVS or approved virtual instruction provider on computer and device hardware and associated operating software that complies with the requirements established in s. 1001.20(4)(a)1.b., Florida Statutes.
 - Limiting the enrollment of virtual FTE students residing outside of the school district providing the virtual instruction to no more than 50 percent of the total enrolled virtual FTE students residing inside the school district providing the virtual instruction. This applies to any virtual instruction contract or agreement that is entered into for the first time after June 30, 2021.
 - The school district providing the virtual instruction shall report the full-time equivalent students for a virtual instruction program or a virtual charter school to the department in a manner prescribed by the Department.
- Modifies the FEFP by:

Experience

Kim McDougal, Ph.D. is a senior government affairs consultant in GrayRobinson's Tallahassee office and one of the top education lobbyists and experts in Florida. Kim is known for her nearly three decades of experience serving in multiple leadership roles within the executive and legislative branches of Florida's government. Kim knew early on her passion was to make a difference in the lives of students. Her passion and commitment to students is as strong today, as it was then.

In addition to Kim's thorough knowledge of the various K-20 education issues in Florida, she also focuses her lobby practice on areas such as nonprofits, local governments, major corporations, and business development with state and local governments and provides consulting services as well.

Most recently, Kim successfully advocated for funding for building a new elementary/middle school in a rural district, creating a panic alert system for K12 students, and securing funding for individuals with disabilities, as well as legally blind Floridians. Additionally, Kim has successfully worked with several statewide associations, nonprofits, local governments, and major corporations on the advancement of their legislative agendas, including both substantive legislation and appropriations.

Prior to joining GrayRobinson, Kim served as chief of staff to Florida Governor Rick Scott, where she was responsible for directly serving and advising the Governor on issues pertaining to 100,000+ executive branch employees and administering an \$83 billion state budget. She also served as Governor Scott's deputy chief of staff, legislative affairs director, education policy coordinator, and as policy advisor during his successful re-election campaign.

Kim has served as a senior advisor or in a leadership role for many of Florida's Commissioners of Education, including Florida's first appointed Commissioner Jim Horne. She also served in several roles under the Governor Jeb Bush Administration within the Executive Office of the Governor, including education policy coordinator in the Office of Policy and Budget.

Kim began her public service career with the State of Florida in 1989 as a program auditor with the Office of the Auditor General, which later became the Office of Program Policy Analysis and Government Accountability (OPPAGA), where she went on to serve as a senior staff director.
