# App Safety Information Sheet
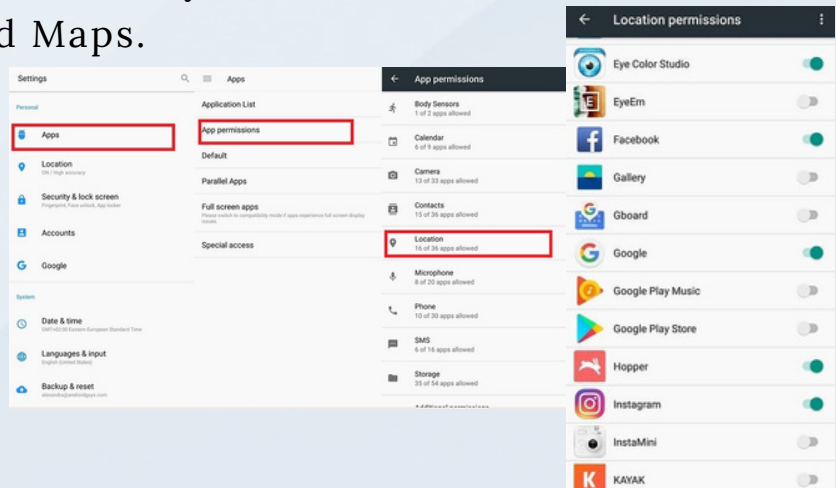

How to turn Location Services off for specific apps for <u>iPhone:</u>

1. Go to Settings > Privacy & Security > Location Services.
2. Scroll down to find the app.
3. Tap the app and select an option:
   - Never: Prevents access to Location Services information.
   - Location services should stay on for life360, find my iPhone, and Maps.

How to turn off location tracking on an <u>Android</u>:

1. Open Settings again
2. Go to Personal > Apps > App permissions (Configure apps/App settings and then App permissions on other models)
3. Tap on Location
4. From here you will be able to select which apps you want to have permission to your device's location.
   - Location services should stay on for life360, Find my phone, and Maps.
