**Notice of Development of Rulemaking**

Department: Department of Education

Division: State Board of Education

Rule No.: 6A-3.0121

Purpose: This amendment extends the current responsibilities of bus drivers transporting students to the operators of other vehicles transporting students. Chapter 2023-16, L.O.F., authorizes districts to use vehicles other than school buses for student transportation without restrictions.

**Notice of Development of Rulemaking**

Department: Department of Education

Division: State Board of Education

Rule No.: 6A-3.0141

Purpose: To amend the rule to include requirements for operators of vehicles other than school buses that transport students. These changes are necessary pursuant to the passing of Chapter 2023-16, Laws of Florida, during the 2023 Legislative session.

[https://www.flrules.org/gateway/View\\_Notify.asp?id=29068880](https://www.flrules.org/gateway/View_Notify.asp?id=29068880)

**Notice of Development of Rulemaking**

Department: Department of Education

Division: State Board of Education

Rule No.: 6A-3.0171

Purpose: This amendment is to update the 2020 edition of the Florida School Bus Safety Inspection Manual for 2024 to coincide with the updated Florida School Bus Specifications, effective January 1, 2024. New technologies for electric school buses necessitate related changes to inspection criteria and procedures, requiring periodic revisions of this publication to ensure school buses remain safe for student transportation. Restrictions previously limiting the use of vehicles other than school buses for student transportation to and from school and school activities were relaxed during the 2023 legislative session with the passing of HB 1, making it necessary to adopt rules to define vehicles that are allowed for student transportation and how such vehicles shall be maintained to ensure student safety.

Florida School Boards Association  
**RULE MAKING NOTICES**

**Notice of Proposed Rule**

Department: Department of Education

Division: State Board of Education

Rule No.: 6A-10.0401

Purpose: The rule facilitates the statewide articulation of industry certifications pursuant to sections 1007.23 and 1008.44, F.S., which require the Articulation Coordinating Committee to recommend articulation agreements to the State Board of Education that provide for the articulation of postsecondary credit toward related degrees for earned industry certifications. The rule also outlines policies related to the development and maintenance of articulation agreements. The agreements created within the rule provide opportunities for Florida's secondary and postsecondary students to accelerate their degree completion and save money through earning postsecondary credit for attained industry certifications.
