Notice of Development of Rulemaking

Department: Department of Education

Division: State Board of Education

Rule No.: 6A-10.0381

Purpose: To set forth requirements for registration of students in adult general education and postsecondary career and technical education programs and to specify reporting requirements. The proposed update will amend and clarify rules for the placement, instruction, and withdrawal of Adult General Education students by adding definitions and additional standards and removing obsolete language relating to Literacy Completion Points. This update also adds new language regarding Integrated Education and Training (IET) programs and required reporting as well as Adult High School programs and required reporting. Additional changes may be considered.
