

SCHOOL DISTRICT E-COMMERCE MARKETPLACE INFORMATION WEBINAR

WHY ATTEND THIS SESSION?

School districts across Florida are exploring new opportunities to serve ESA families while generating additional revenue streams. This informational webinar will provide school board members with factual, objective information about district participation in the e-commerce marketplace available to voucher and homeschool students.

What You'll Learn

Understanding the Marketplace

- What is the marketplace and how does it work?

District Participation Options

- How can a district participate by offering services?

Real-World Examples

- What districts are currently offering services and what are they offering?

Practical Considerations

- What budgeting and administrative requirements exist and must be considered?

This session is specifically designed for Florida school board members who want to:

- Understand the facts about marketplace participation
- Get answers to questions about operational and policy implications
- Learn from those already participating in the program
- Make informed decisions about their district's potential involvement

**Monday
August 4
1-2 pm EST**
