Footnotes

¹ This is a firm deadline for submission of legislative proposals to ensure all proposals are included in the complete legislative platform development process

² The Legislative Priority Workgroup is comprised of the FSBA Executive Committee, the Chair and Vice Chair of the FSBA Advocacy Committee, the Chair and Vice Chair of the Legislative Subcommittee, and the Chair and Vice Chair of the Federal Relations Subcommittee.

³ The Legislative Priority Workgroup determines if each proposal addresses an issue of statewide concern and is consistent with FSBA's mission and strategic directions. All proposals that meet these criteria are forwarded to the FSBA Legislative Subcommittee for further consideration of the specific merits of the proposal.

⁴ The Advocacy Committee is comprised of school board members designated by each school district to serve as the district's representative. Only the designated representative – or designated alternate – may vote on the final adoption of the platform. A district must be a member of FSBA to participate and to designate a representative.

⁵ Adoption requires a 2/3 vote of the Advocacy Committee members present, allowing one vote per school district.

⁶ No new platform items may be considered except for emergency items for which the urgency of the subject matter arose after the final adoption of the FSBA Platform and which have been deemed an emergency by the Executive Officers and the Legislative Committee Chair and Vice Chair. The adoption of any such items requires a 3/4 vote of the members who are present at the General Membership meeting which is typically held in at the Annual Joint Conference.
